

Health & Safety Policy Statement

ForFarmers believes in acting with care and responsibility in all matters of occupational health, safety and wellbeing. This is embedded in our mission 'For the Future of Farming'.

ForFarmers actively encourages and monitors safe behaviours to enable us to strive towards a zero accident environment.

ForFarmers strive to prevent accidents and cases of work related ill health by training and empowering our employees to dynamically assess and manage the health and safety risks in their workplace.

ForFarmers recognises that the creation, monitoring, and continuous improvement of a healthy and safe working environment is paramount in ensuring the continuing success and growth of the business.

ForFarmers works in partnership with customers, suppliers and industry bodies to continuously improve Health & Safety standards in our business and across our industry where we may have an input or impact.

ForFarmers recognises that the creation of a healthy and safe working environment is essential in protecting colleagues and to reducing risk and eliminating loss to those who use, provide, or come into contact with ForFarmers business undertakings.

As a minimum standard ForFarmers will sustainably comply with all relevant Health & Safety laws and regulations, and the requirements of our Health & Safety policies. This includes:

- Providing clear instructions and information, and adequate training, to ensure employees are competent to do their work.
- Engaging and consulting with employees on a day to day basis on health and safety conditions.
- Implementing emergency procedures such as evacuation in case of fire or other significant incident.
- Maintaining safe and healthy working conditions, providing and maintaining plant, equipment and machinery, and ensuring the safe storage and use of substances.
- Measuring success using defined KPIs both internally and externally wherever possible.
