#### **Decision on shares for share based (or depositary receipt-based) incentive schemes and the employee participation plans 2022**

Taking into consideration the fact that the current share buy-back programme has temporarily been suspended, the Executive Board has decided, upon approval of the Supervisory Board and following the Annual General Meeting, to reserve from the already repurchased shares since december 2021, the required (depositary receipts

of) shares for the share-based incentive scheme and employee participation plans 2022. This number of (depository receipts of) shares is based on the total amount of the 'on target' distribution of long-term incentive schemes (expected to be approximately €1.4 million) in accordance with the remuneration policy which was adopted today, plus the expected number of shares required for the total amount of the 2022 employee participation plan registrations (for information: in 2021 shares were repurchased for approximately €1.0 million). The number of (depository receipts of) shares that has been reserved for the employee participation plans and long-term incentive schemes (2022) will be repurchased and cancelled later.
