Outlook

- **Ruminant sector:**

Global outlook positive, European consumption stabilising
More focus on export of European dairy products

- **Swine sector:**

Global demand growing, EU consumption slowly declining, decreasing herd size (NL and GE),
export to China could grow due to trade negotiations & African swine fever (in China)

- **Poultry sector:**

Growing interest from consumers,
more processing capacity becoming available in PL leading to growth potential compound feed

- Impact Brexit remains unpredictable
- Integrations acquisitions (Tasomix, Voeders Algoet, Maatman, Van Gorp Bio) ongoing to achieve synergies
- Full focus on enhancing capacity utilisation of Pionki mill in Poland

Outlook (continued)

2019 first-half results

Underlying EBITDA expected to show strong decline vs 1H2018 results (due to current purchasing positions and focus on sustaining market share)

Efficiency plans 2019 – 2020 launched

- Total cost savings of €10m (in 2021 vs 2018); optimisation group factory footprint & other efficiency projects
- Existing 2017 UK supply chain rationalisation plans incorporated
- Affects all countries excluding Poland and covers all functions
- Involves reduction of 125–150 FTEs (approx. 5 to 6% of FTEs); natural attrition & redundancies
- Efficiency plans will lead to incidental costs

Planned capex and working capital 2019

- €50m capex, on e.g systems and processes to support ongoing growth, enhanced efficiency measures and digitalisation
- Ongoing focus on further optimising working capital and leveraging strategic suppliers

Proposal for new Share Buy-Back (SBB) programme

- Limited SBB of €30m and a SBB for employee participation programme
- Start after the publication of Q1 2019 trading update, end no later than October 2020

Outlook (continued)

IFRS 16

Impact (as of 1-1-2019): expected increase of EBITDA by approx. €5.0m, no impact on EBIT
Expected net decrease of profit before tax of €0.5m
Per 1-1-2019: total assets increase approx. €25.0m

Reconfirmation mid term guidance

For the *medium term* an on average annual underlying EBITDA growth in the mid single digits at constant currencies, excl. impact of significant acquisitions & barring unforeseen circumstances
